#### **Contents**

Intro	oduction	3
1	Add Packet Tracer Activities to Assignments and Gradebook	4
2	Instructions to Provide to Students for Practice PT Skills Assessment (PTSA)	8

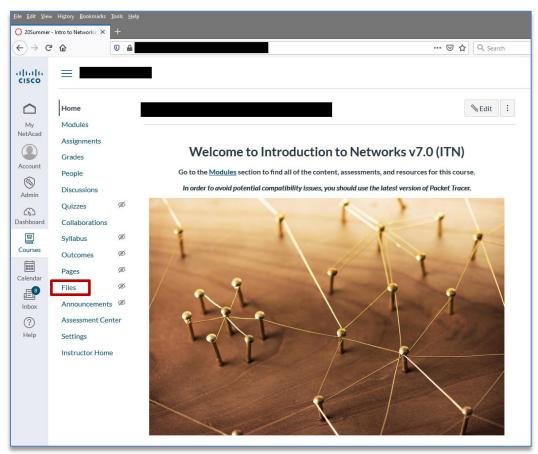

#### Introduction

This guide will assist you in setting up a course within Cisco Netacad to use with the *NETLAB+ Packet Tracer* pod. As a Cisco Networking Academy instructor, you have the ability to customize course pages. We will demonstrate how to add Packet Tracer activities to assignments and the gradebook. Also included is a section with instructions to provide to students for practice PT Skills Assessment (PTSA).

#### 1 Add Packet Tracer Activities to Assignments and Gradebook

1. Click on the **Files** section.

2. Click on the **Upload** button.

ITN Practice Skills Assessment - PT	0.0620
	0
The purpose of this PT Practice Skills Assessment is to support student success by providing additional practice prior to taking the end of course hands-on Skills Assessment. Studen can use this assessment to help identify areas for further study and review. This exam will cover skills taught in the Introduction to Networks course. However, this assessment does n cover all of the content required for the end of course hands-on Skills Assessment. Additional practice is encouraged for areas not covered in this assessment.	
There is 1 activity on this assessment.	
Start Date-Time: Tue, Aug 18, 2020 at 04:25 AM, GMT	
End Date-Time: Sun, Nov 01, 2020 at 05:00 AM, GMT	
Please read all instructions carefully before starting.	
<ol> <li>DO NOT USE browser Back button or close or reload any Assessment windows during the assessment.</li> <li>Cisco Packet Tracer will be launched automatically as part of this page loading.</li> <li>Complete the Packet Tracer activity. Your work will be saved every 5 minutes.</li> <li>Use the buttons here to submit or interrupt your work.</li> </ol>	
Return to this page to Submit your assessment.	
You will have 2 hours to complete your assessment once it has been loaded.           Start Assessment         Save Assessment and Continue Later	

7. The students can begin working on the Assessment.

8. When students are ready to submit the Assessment for grading, they must click on the **Assessment Warning** window in the taskbar at the bottom of the screen.
